The State Department wines, dines, and provides financial aid to the enemies of freedom everywhere. They refuse visas to our pro-American friends and drive them into communist hands by cutting off financial aid and arms shipments at critical times. They use the

("... an illegal, semi-secret political party ... that has won control over the Executive Branch."

Lawrence T. Patterson, speaking of the Trilateral Commission as reported in Honolulu Star Bulletin, April 14, 1978

"if TRILATERALS OVER WASHINGTON gives you an "uneasy" feeling, it is because you are, at least in part, a victim of planned programming by the nation's media")

TRILATERALS OVER WASHINGTON

Antony Sutton, Ph.D
The August Corporation
Box 4218
Scottsdale, AZ 85258.

"... the Trilateral Commission has taken over the United States executive branch. We have not been taken over by communists or Russians or Martians but by a group which wants to "revise" the Constitution ... but is without majority financial and economic ties to the United States." - Anthony Sutton, Ph.D.

"A straight forward and reasonable conclusion is that there has apparently been a covert fascist (national socialist) take over of the United States government." - Anthony Sutton, Ph.D.
